DR MIST
Multi Action Hygienic
Body Spray 3 x 75ml

RM 29.90
/each

Spray **Dr. Mist** on underarms to control perspiration and spread evenly with hands in order to ensure it dries rapidly thus avoiding contact with germs and not allowing germs to survive.

- DR. Mist floatation fluid's salt mineral composition disperses sweat rapidly. As underarms will naturally perspire more than other parts, this composition will be stored at the skin level to control sweat and achieve an odour free condition.

- Spray DR. Mist on mosquito bites that cause skin itchiness for effective relief. The principal is after the pores dilate, DR. Mist floatation fluid can kill the bacteria, reduce swelling and itching rapidly.

Fragrance- free: DR. Mist floatation fluid does not contain any fragrance to cover unpleasant odor, it is a quality product that stands out from the rest.
