Water-soluble ceramide- Employs water barrier technology to allow the efficient and insoluble ceramide to penetrate more deeply into the skin, thereby improving the skin's moisturizing capabilities, repairing powers and anti-inflammatory effects.

Purple Echinacea extract- Able to effectively ameliorate skin problems such as skin ageing, inflammation and other problems caused by new threats to the skin such as UV rays, environmental pollution, and poor work/life balance.

Oat beta-glucan- It can remain on the surface of the skin, forming a thin film that locks moisture into the skin; the main part of the beta-glucan enters the outer layer of the skin as it interacts with the lipids and phospholipids.

- Safe formula, 5 FREE
- Deep moisturizing ingredients, softening from the inside-out
